BD Rock Wraps - with 1/8 th and 1/16 th notes Cheat Sheet

Doubling the bass drum wrap

Single 1+ Double 1+

Single 2+ Double 2+

Single 3+ Double 3+

Single 4+ Double 4+

Single 2 Double 2

Single 3 Double 3

Single 4 Double 4

Single 2 4+ Double 2 4+

The notation shows two columns of musical examples. Each example consists of two staves: the top staff represents the bass drum (BD) with 'x' marks for wraps and notes for the wrap itself, and the bottom staff represents the snare drum. The first column shows 'Single' and 'Double' variations for wrap counts 1+, 2+, 3+, and 4+. The second column shows 'Single' and 'Double' variations for wrap counts 2, 3, 4, and a 2+4+ combination. The 'Double' patterns feature two bass drum notes per wrap, while 'Single' patterns feature one.

Grooves with snare/base drum wrap variations

The notation shows two columns of musical examples, each consisting of two staves: the top staff represents the bass drum (BD) with 'x' marks for wraps and notes for the wrap itself, and the bottom staff represents the snare drum. The patterns are more complex than the doubling examples, featuring various rhythmic values and wrap placements. A large, semi-transparent image of a snare drum is overlaid on the right side of this section, partially obscuring the notation.
